

Wright Manufacturing Services Limited

Avenue Farm Industrial Estate, Birmingham Road, Stratford-upon-Avon, Warwickshire, CV37 0HR
T: +44 (0)1789 299859 F: +44 (0)1789 414346 E: info@wrightmfg.co.uk

Wright Manufacturing Services Limited (WMS), established in Stratford-upon-Avon in 1983, has always focused on the core business of gear manufacturing related processes and we pride ourselves in being able to offer a comprehensive range of machines covering many aspects associated with production of gears and engine related products, including:-

- Bevel Gear Cutting / Grinding / Lapping & Testing
- Inspection / Measurement of gear related products and rotationally symmetrical parts
- Form & Generating Grinding
- Gear / Spline Hobbing
- Shaping
- Residual Stress Measurement, Grinding Burn Detection
- Cold Rolling / Forming
- Spline Rolling & Burnishing
- Deburring
- Broaching
- Straightening
- Cylindrical, Non-Cylindrical & Centreless Grinding
- Turning / Honing / Chamfer Milling
- Rack / Saw Blade Milling & Grinding
- Tool & Cutter Grinding

We also offer a complete after-sales service for technical support and spares and service requirements from a highly trained team of service specialists, including machine installation, scheduled servicing, calibration verification and planned maintenance programmes.

The company operates as a machine tool agency, with sole agency agreements in the UK for many of Europe's leading manufacturers, including the prestigious Sigma Pool Group of Companies.

Listed below are the names of our Principals, together with a brief description of their products, for your reference purposes and should any of the equipment be of interest to you, please do not hesitate to contact us when we will be happy to supply the relevant technical or sales information.

Klingelberg GmbH,
Germany

Klingelberg AG,
Switzerland

Bevel Gear Cutting / Grinding /
Lapping / Testing.

Inspection / Measurement, including
rotationally symmetrical components.

Design & Supply of bevel gears –
including design software

Liebherr Verzahntechnik
GmbH, Germany

Hobbing / Shaping / Generating &
Form Grinding / Automation solutions

CM-DIGIT GmbH & Co. KG

CM-DIGIT (part of the
Klingelberg Group),
Germany

Assembled Transmission
Testing & Vibration Analysis

NON SIGMA-POOL COMPANIES:

| | | |
|---|---|--|
|  | Escofier, France | Cold-Forming / Spline Rolling / Burnishing |
|  | Cesare Galdabini SpA, Italy | Straightening Centres and Jenny Straightening systems |
|  | Ernst Grob AG, Switzerland | Cold Rolling / Forming / Slotting |
|  | Habrama GmbH, Germany | Precision Grinding & Milling of racks & saw blades |
|  | Haro Technologies International, Belgium | Tool & Cutter Grinders (Hobs, Shaper cutters etc.) |
|  | Erwin Junker Maschinenfabrik GmbH, Germany | Cylindrical, Non-cylindrical (Cams/Cranks) and Centreless Grinding |
|  | Karl Klink GmbH Werkzeug & Maschinenfabrik, Germany | Hard, Dry & Helical Broaching, Broaching Tools & Tool Sharpening |
|  | Meissner Technik Muellenbach GmbH, Germany | High Performance Cleaning, Degreasing & Phosphating systems |
|  | Pittler T & S GmbH, Germany | Vertical Turning systems |
|  | Präwema Antriebstechnik GmbH, Germany | Power Honing / Chamfer Milling |
|  | Rausch GmbH & Co KG, Germany | De-burring / Broaching |
|  | Stresstech Oy Finland | Residual stress, grinding burn and microstructure detection. Analysis using X-Ray diffraction, Barkhausen Noise & Hole drilling technology |
